

Presentation Program [Chairmen: Dr. Ralf Thomae, Dr. Vasily V. Velkov]

Topics	Time	Speakers Name	Hospital	Title of presentation
Opening	9:00	Mr. Yasuo Semba	Mitsubishi Chemical Europe, President	Opening remarks
Presepsin performance in clinical use	9:10	Dr. Yasushi Suzuki	Iwate Medical University	Usefulness of Presepsin in patients with sepsis
	9:30	Prof. Li Chun Sheng	Beijing Chao Yang Hospital	Diagnostic and prognostic value of Presepsin for sepsis in an emergency department
	9:50	Prof. Quirino Piacevoli	ACO San Filippo Neri, Rome	Presepsin in various patients in general I.C.U.
	10:10	Dr. Martina Zaninotto	University of Padua	Presepsin in patients admitted to highly specialized University-Hospital
Coffee break	10:30			
Presepsin in organ infections	11:00	Prof. Konstantin A. Popugaev	Burnasian State Research Medical Center, Moscow	Presepsin for the diagnostics of bacterial infections in central nervous system
	11:20	Dr. Nelli N. Salina	The Sklifosovsky Institute of Emergency Medicine, Moscow	Presepsin as the early biomarker of septic complications in patients with pancreatic necrosis
	11:40	Dr. Oleksandr Rotar	5th City Hospital, Minsk	Presepsin for infection diagnosis in patients with acute necrotizing pancreatitis
	12:00	Dr. Radmila Karan	Clinical Centre of Serbia, Belgrade	Presepsin as a guide antimicrobial therapy in cardiac surgery
	12:20	Dr. Evgeny G. Golovnya / Dr. Vasily V. Velkov	N.N. Blokhin Russian Oncology Research Center, Moscow	Presepsin in early laboratory diagnostics of different forms of sepsis in patients with oncology diseases
Lunch break	12:40			
Presepsin for risk assesment of surgery patients	13:40	Dr. Heinrich Groesdonk / Dr. Ralf Thomae	Saarland University Medical Center, Homburg	Presepsin as prognostic marker for outcome in patients undergoing elective cardiac surgery
	14:00	Prof. Antonin Jabor	Institute for Clinical and Experimental Medicine, Prague	The role of presepsin in surgical procedures and transplantation
	14:20	Dr. Emanuela Galliera	University of Milan	Diagnostic and prognostic value of Presepsin as marker of post-operative orthopaedic
	14:40	Dr. Vincenzo Morabito	Italian National Transplant Centre, Rome	Use of Presepsin as biomarkers for bacterial infection in transplant organ
Coffee break	15:00			
Update of clinical studies and discussion	15:30	Dr. Ralf Thomae	Mitsubishi Chemical Europe	International clinical study results Presepsin
